WHAT IS ES NUTRITION

ES Nutrition is a range of Functional Food and drink products that are scientifically formulated to meet the specific requirements of those affected by natural and man-made disasters. ES NUTRITION has been designed, keeping in mind that these individuals are deprived of food and have poor access to clean utensils, energy requiring cooking methods and sterile water. All ES NUTRITION products are formulated with two unique patented and clinically tested functional ingredients called Sel-Plex and Bio-Mos. ES NUTRITION has the exclusive rights to these products. ES NUTRITION is suitable for individuals from 1 year onwards.

PRESENTATION OF FEEDS

- ✓ Scientifically formulated multigrain nutrient dense food in a dual pouch
- ✓ Maize and soya based porridge in one pouch and filtered water in the other pouch
- ✓ Once needed, squeeze to break seal between pouches; shake to mix porridge and water; tear to open and drink straight out of the pouch

- ✓ High in omega 3 fatty acids
- ✓ Contains selenium which acts as an antioxidant and immune booster
- ✓ Contains pre and probiotics to promote gut health and immunity
- ✓ 1 serving provides a nutritionally balanced and complete immune boosting meal

OUR EXPERIENCE SHOWS

- ✓ Individuals affected by natural or man-made disasters lack access to safe, clean food, cooking utensils, energy sources and clean, safe water.
- ✓ If these problems are not addressed; it could result in starvation, malnutrition, illness and death.
- ✓ The most vulnerable individuals affected in these situations are women and children.
- ✓ Immediate and practical nutrition interventions can prevent malnutrition and preserve the health of the affected populations.
- ✓ Interventions can also be implemented to treat and manage cases of malnutrition prior to the disaster.

THE GOOD NEWS – WE HAVE A SOLUTION!

- ✓ These challenges can be solved; scientific approach removes the guess work.
- ✓ We have first hand experience as to what works – food solutions do exist!
- ✓ ES NUTRITION high energy multigrain meal has been scientifically designed to aid in disaster management.
- ✓ ES NUTRITION innovative packaging provides a highly nutritious ready to use meal in a super convenient way.
